Doctors require licence to sell medicines in ICT

NEWS WIRE
ISLAMABAD

The Ministry of National Health Services, Regulations and Coordination has directed registered medical practitioners (RMPs) operating in Islamabad Capital Territory (ICT) to ob-

tain a valid Drug Sale Licence (DSL) for running pharmacies or medical stores. According to an advisory issued by the Pharmacy Services and Drug Control (PS&DC), unlicensed pharmacies and medical stores have been directed to immediately apply for the requisite licence to avoid legal

action. The advisory was issued in the light of a recent Federal Constitution Court (FCC) decision.

The advisory clarified that medicines kept in doctors' clinics for their own patients would remain exempt from the licensing requirement, provided the facility did not fall within the category of a commercial phar-

macy or medical store. Drug distributors have also been directed not to supply medicines to any unlicensed pharmacy or medical store. The Pakistan Pharmacists Association (PPA) welcomed the decision, describing it as a long-awaited measure to ensure that medicines are sold only through legally licensed outlets.
