

help individuals understand their abilities and interests and make informed decisions about their future.

He said "Understanding Career Counseling" could be particularly helpful for students who are confused about their future. The book is intended to assist students in making informed career choices, while a special discount has also been offered for students. Greenwich University Vice Chancellor Dr. Seema Mughal and other speakers also addressed the ceremony. Later, Sindh Minister for Education Syed Sardar Ali Shah, along with other participants, formally launched "Understanding Career Counseling." NEWS DESK
