| <b>I</b> 4MP Entry IR Fixed-Focal Bullet Network Camera, 4MP, 1/3" CMOS image sensor, low luminance, high image definition, Outputs max. 4MP (1920 × 1080) @25/30 fps, H.265 codec, high compression rate, ultra-low bit rate, Built-in efficient IR illuminator, and the max. illumination IR distance: 30 m, ROI, SMART H.264/H.265+, flexible coding, applicable to various bandwidth and storage environments, Rotation mode, DWDR, 3D NR, HLC, BLC, digital watermarking, applicable to various monitoring scenes, Abnormality detection: Motion detection, video tampering, network disconnection, IP conflict, illegal access, 12V DC/PoE power support, IP67 protection.                                                                                                                       | 32  | 2,050,000/-    | 22.10.2026<br>Until<br>10:00 a.m.          | 22.10.2026<br>at<br>10:30 a.m.           |
| <b>II</b> 32 Channel 10 2HDDs Network video Recorder, New 4.0 user interface, security baseline 2.1.H.264, h.265, Smart H.264+, and Smart H.265+, H.265auto switch. Max. Decoding capability: 8 x 1080p@30 fps. Supports adaptive adaptive decoding. Supports mainstream cameras of ONVIF and RTSP protocols. P2P remote surveillance, video play on mobile device. VGA/HDMI simultaneous video output, maximum resolution of HDMI is 4K. AI by Camera: Face detection, perimeter protection, IVS, people counting, heat map and SMD. Supports remote configuration and management of IPC, such as set ting parameters, getting information and upgrading IPC of the same model in batches 2 SATA 111 ports, upto 10 TB for a single HDD. The maximum HDD capacity varies with environment temperature | 02  |                |                                            |                                          |
| <b>III</b> 16 Channel 10 2HDDs Network video Recorder,                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |     |                |                                            |                                          |
