Dear Sir,

### **BLACKLISTING OF M/S. AHSAN ENGINEERING FOR 4 YEARS**

Pakistan Petroleum Limited ("PPL") in compliance with Rule 19 of the Public Procurement Rules, 2004 hereby forward details of the subject case pertaining to blacklisting of bidder, M/s. Ahsan Engineering Works, who was found indulging in fraudulent practices as briefly stated below:

#### **Introduction:**

Rfq\_31622 was floated/published in the Press & PPRA against the requirement of "Support Services for Muree Guest House and PPL Regional Office Islamabad".

M/s. Ahsan Engineering Works submitted the forged EOBI certificate of registration during the technical clarification stage, submission of the forged documents is a serious matter and considered a corrupt and fraudulent practice under PPRA rules. This tantamount to serious violation of the Public Procurement Rules, 2004; and may lead to the blacklisting of the company for a period of not more than ten (10) years as per the PPRA laws.

#### **Corrupt/fraudulent practices:**

During the Technical Clarification stage, PPL requested M/s. Ahsan Engineering to submit the missing documents that were not submitted initially by the bidder i.e. SECP/NTN Certificates, EOBI & ESSI registration and some other affidavits.

Upon receiving the response from M/s. Ahsan Engineering Works, PPL cross checked the documents to verify the authenticity, upon doing the same, it was found that the EOBI registration submitted by M/s. M/s. Ahsan Engineering works was forged/fake/non-genuine.

#### **Opportunity of Hearing:**

Show cause notice was issued to the M/s. Ahsan Engineering works on 21st January 2026, requesting to submit the written response on the same till 28th January 2026 and to appear in the hearing on 3rd February 2026. Bidder regretted appearing on stipulated date due to their unavailability, therefore another opportunity was given to appear for the hearing to elaborate their instance.

However, no satisfactory explanation was provided either in the written response or during the personal hearing granted to M/s. Engineering Works. The submission of a forged EOBI certificate constitutes misrepresentation, which was not denied during the personal hearing, and falls within the ambit of fraudulent practices under applicable PPRA rules.

**Contractor's response (Annex - D):**

Formal hearing was conducted on 11th February 2026, where Mr. Hamid Ahmed (Manager of M/s. Ahsan Engineering Works) attended the meeting representing M/s. Ahsan Engineering works.

PPL Procurement committee members provided Mr. Hamid Ahmed with an opportunity to present any additional information or clarification to the Committee. In response, Mr. Hamid Ahmed agreed that the certificate declared as forged had been erroneously submitted by them on PPL's eProcurement portal.

**Following was concluded:**

PPL provided an opportunity to (M/s. Ahsan Engineering Works) to explain the submission of forged/fake/non-genuine EOBI's certificate of registration.

M/s. Ahsan Engineering Works admitted that the forged/fake/non-genuine document was submitted by them erroneously.

Considering the facts and circumstances of the case, PPL is convinced that M/s. Ahsan Engineering Works deliberately submitted the forged/fake/non-genuine document to change their technical standing in the case.

**Decision of Procuring Agency:**

Pakistan Petroleum Ltd. (PPL) decided to blacklist M/s. Ahsan Engineering Works and its directors for 04 years from PPL's all existing and upcoming bidding processes due to submission of forged/fake/non-genuine document at PPL locations/ fields under PPRA Rules 19(a).

The above is being submitted to your kind office as per the requirement stipulated in PPRA Rule 19(2) for your onward action, please.

Yours Sincerely,
