S. No.	Requirement	Compliance	Document Reference	Compliance	Document Reference						
1	Company Profile with past relevant experience of similar nature (2020-2026). Provide at least one P.O/Contract/SLA for Years (2020-2026). It is mandatory for bidder to have relevant experience of similar nature. Here similar nature project means any cloud based DDOS and security services provided by bidder.	FC	Complied by bidder at P39 of proposal document	FC	Complied by bidder at P23 of proposal document						
2	Letter of compliance with the statement "Bidder is fully agreed and complies with all Sections/Parts/Annexures of RFP"	FC	Complied by bidder at P32 of proposal document	FC	Complied by bidder at P1 of query response document						
3	Bidder must be Akamai (Principal) Authorized Dealer / Partner / Distributor. Bidder must submit MAL for the same.	FC	Complied by bidder at P29 of proposal document	FC	Complied by bidder at P21 of proposal document						
4	Completely filled compliance sheet given in this document	FC	Complied by bidder at P26 of proposal document	FC	Complied by bidder at P7 of proposal document						
Required Specifications for Procurement of Capacity Enhancement for Akamai Cloud Based Enterprise Level Anti DDOS and CDN for all Public Services hosted in NADRA											
Compliance Sheet: All Requirements are mandatory, any single non-compliance, blank space or partial comply will disqualify bidder. Bidder must submit compliance sheet as per below format and mention document reference in front of each required feature.											
S#	Feature	Requirement of Fixed Usage	Requirement of Overage Usage	Compliance	Document Reference	Compliance	Document Reference				
Usage											
1	Traffic Volume for APP and API Protect (http/https services). This enhancement will include all the security fabric, services, configurations, and protections a: enhancement of the existing contract and will b: increased as per this enhancement c: accordingly Contract will include the payment of total traffic volume: Fixed plus Overage however overage bandwidth will be paid as per actual	350 TBs (Actual Traffic Served by Origin Servers) per annum enhancement of existing contract bandwidth/volume. Calculated traffic served at origin servers.	150 TBs Overage (Actual Traffic Served by Origin Servers). If traffic exceeds from fixed bandwidth/volume (Fixed bandwidth is existing contract bandwidth + 350TBs) then this overage will be utilized and billing will be as per actual traffic served by origin server with per GB billing and will be calculated and billed with yearly invoice at end of contract year. Bidder must submit document evidence for overage billing.	FC	Complied by bidder at P26 of proposal document	FC	Complied by bidder at P7 of proposal document and query response				
2	Bandwidth for Prolexic IP Protect (for TCP/UDP traffic). (Actual Traffic Served by Origin Servers). This enhancement will include all the security fabric, services, configurations, and protections a: enhancement of the existing contract and will b: increased as per this enhancement c: accordingly Contract will include the payment of total overage bandwidth. Overage bandwidth will be paid as per actual.	Existing fixed bandwidth in Mbps from the ongoing contract will remain the same. No new fixed bandwidth is required.	50 Mbps (Actual Traffic Served by Origin Servers). Overage billing will be as per actual with per Mbps Per Month billing and will be billed on per year basis and will be increased on NADRA request. Akamai will enable a cap on Existing fixed 50 Mbps and will increase on NADRA's request as per requirement. Once bandwidth hits the threshold an alert over email will be generated.	FC	Complied by bidder at P26 of proposal document	FC	Complied by bidder at P7 of proposal document and query response

Overage											
1	Bidder will provide the terms of overage that will be applicable in case the fixed bandwidth/volume usage of parameters mentioned in this RFP exceed. The overage cost will be as per exceeding GBs in bandwidth for web traffic, and as per exceeding per Mbps per month, all overage as per actual traffic to origin servers, which will be calculated annually and invoiced at the time of annual payment. The contract of this agreement will be for the total combined payment of fixed and overage services. Bidder will provide overage and fixed traffic/volume usage evidence from Akamai Portal, same must also be visible in NADRA login exists on Akamai. Fixed bandwidth amount will be paid as per payment terms, however overage will be as per actual.	Yes	FC	Complied by bidder at P26 of proposal document	FC	Complied by bidder at P8 of proposal document and query response					
SLA											
1) SLA and NDA with successful Bidder		Yes	FC	Complied by bidder at P27 of proposal document	FC	Complied by bidder at P8 of proposal document and query response					
2) 99.9% uptime		Yes	FC	Complied by bidder at P27 of proposal document	FC	Complied by bidder at P9 of proposal document and query response					

3	Escalation Matrix with response time	Yes	FC	Complied by bidder at P27 of proposal document	FC	Complied by bidder at P9 of proposal document and query response
4	TAC and Akamai SOC will provide 24 x 7 support inline with the existing contract. Support will be directly from OEM/Akamai.	Yes	FC	Complied by bidder at P27 of proposal document	FC	Complied by bidder at P9 of proposal document and query response
Training						
1	Online OEM's Instructure led Certified Expert Level training for three resources by OEM. It must cover the complete functions and operations related to products that are necessary for the execution of all the features of existing contract and the new requirements from this document. Training must include App and API Protect, Prolexic and other Akamai modules are per contract.	3	FC	Complied by bidder at P27 of proposal document	FC	Complied by bidder at P9 of proposal document and query response
Other						
1	Bidder shall submit Letter of compliance with the statement "Bidder fully agreed and complied all Sections/parts/Annexures of RFP"	Yes	FC	Complied by bidder at P32 of proposal document	FC	Complied by bidder at P9 of proposal document and query response
Notes						
1	Specs are prepared by using non-proprietary terminologies however, if bidder finds any proprietary term in the document, then bidder should propose equivalent functionality with detailed description.	Yes	FC	Complied by bidder at P27 of proposal document	FC	Complied by bidder at P9 of proposal document and query response
2	The features mentioned above must be part of the proposed solution. Wherever the word 'support' is mentioned in this document, it means that the supported feature must be part of the proposed solution without requirement of any additional module / license / software.	Yes	FC	Complied by bidder at P27 of proposal document	FC	Complied by bidder at P9 of proposal document and query response
3	Bidder shall propose and deliver equipment covering each and every feature/hardware/software/license etc. mentioned in this RFP.	Yes	FC	Complied by bidder at P27 of proposal document	FC	Complied by bidder at P9 of proposal document and query response
Recommendations			M/S D-Tech & Consultancy (Private) Limited is RECOMMENDED as per details provided in the technical proposal and the query response		M/S SN SKIES Private Limited is RECOMMENDED as per details provided in the technical proposal and the query response	
Recommendations have been made as per technical criteria only, however procurement department to kindly verify remaining all clauses for selection of bidders as per NADRA Procurement rules.
