1. Brief History and Purpose of Outsourcing

1. The Mayo Gardens Club, Lahore was established during the British Raj as an exclusive social and recreational facility for officers of the North Western Railway (NWR). Developed around 1951, alongside the Mayo Gardens Residential Colony, the Club was designed in the architectural and cultural spirit of the Lahore Gymkhana Club, reflecting the prestige and lifestyle of British railway officials of that era. The surrounding colony primarily housed British families, and the Club served as a central venue for their social gatherings, sports, and cultural events.
2. Over the time, the Club evolved into one of the most well-facilitated and well-maintained Railway Clubs in Pakistan. It presently offers a wide range of sports and recreational amenities including lawn tennis courts, squash courts, an indoor badminton hall, fully equipped gymnasiums separate for ladies & gents, and other indoor games. Recently, a modern swimming pool complex has been added, significantly enhancing the Club's recreational profile and providing members with contemporary fitness and leisure options.
3. However, like many other historic institutions, the Club's operational and financial sustainability has faced challenges in recent years. Despite these challenges, the Management Committee of the Club has undertaken various initiatives to revitalize and modernize the facility, ensuring that it continues to serve as a vibrant center of the community and recreation for its members.
4. Given that the membership subscriptions and routine contributions are insufficient to meet the recurring costs of maintenance and operations, the Club has adopted a self-sustaining financial model. Under this model, certain Club facilities, particularly its lawns, had been planned to be outsourced for event management purposes to reputable private sector partners. This arrangement has successfully generated steady revenue over the past decade, enabling the Club to maintain and enhance its facilities without burdening members with additional costs.
5. As the current outsourcing contract is approaching its expiry, the Management Committee has decided to undertake the prequalification of firms with the objective of selecting a Management Partner through an 'Open Auction' among the pre-qualified parties / firms/ individuals through this pre-qualification process, for the next outsourcing term. The objective is to select a competent and experienced Event Management Partner capable of maintaining the aesthetic standards of the Club, managing events professionally, and ensuring that the arrangement continues to provide sustainable revenue for the Club's operations and development.

1.1. Purpose of Prequalification

The purpose of this prequalification process is to identify and shortlist competent firms / groups / individuals capable of undertaking the management of outsourced Lawns of Mayo Gardens Club for Event Management. Only firms successfully prequalified through this process will be eligible and will be invited to participate in the open auction. The assignment will be awarded to the firm offering the highest 'Annual Rent' for the designated lawn area, in accordance with the terms and conditions specified in the documents.

1.2. Scope of Services

The Employer shall hand over to the Management Partner the designated lawn area of Mayo Gardens Club (Key Plan attached as **Appendix-B**), as specified in the draft Conditions of the Contract, for the purpose of event management. The Management Partner may establish up to three (03) event management units within the allocated area, either as open lawns or by installing marquees.

During the contract period, the Management Partner shall carry out all event management activities within the designated area in accordance with the terms of the agreement. The Club Management shall provide only the lawn space, while the installation of marquees and all allied infrastructure including establishment of paved parking shall be the sole responsibility of the Management Partner.

The Management Partner shall be responsible for the marketing, operation and management of the marquees/lawns and associated facilities, including the establishment and management of proper parking within the space earmarked for this purpose. In return of space provided by the Management of the Club, the Management Partner shall pay rent as determined and agreed through the auction process.

The detailed scope of services, along with all the other terms and conditions, is provided in the draft Contract attached with the Prequalification Documents
