	Cust. clear. agent services MRDL Saindak EXPORT CLEARING CHARGES The Government of Pakistan has declared the sites of MCC Resources Development Saindak, MHD Huaye Duddar, Koh-e-Sultan Mining Company Limited, and Reko Diq Mining Company as Export Processing Zones (EPZs). As all supplies to these projects are treated as exports, vendors are required to engage the services of a customs clearing agent for processing export documentation and obtaining clearances from the relevant customs authorities. The proposed service provider has extensive experience in customs clearance operations in remote and sensitive areas, including Chaghi and Lasbela, Balochistan. The company has been providing such services for nearly two decades and is also serving several major Oil Marketing Companies (OMCs). The clearing agent's charges are included in the product pricing and are charged separately from the supplier's margin. Therefore, these costs are borne by the customer and do not have any financial impact on the supplier. MCC Resources Development Limited (MRDL) Saindak is one of the largest customers located in the Export Processing Zone at Saindak, Balochistan. Since all POL supplies to this project are exported, customs clearance services are mandatory. The estimated semi-annual consumption of petroleum products by MRDL Saindak is as follows: The estimated Semi-annual consumption of petroleum products by the MRDL Saindak Project is as follows: .,High-Speed Diesel (HSD): Approximately 3,000,000 liters
