for

**Selection of Training Company / Consortium for AI Capacity
Building in Pakistan**

-

**NATIONAL ARTIFICIAL INTELLIGENCE ADVANCEMENT
INITIATIVE**

May - 2026

**MINISTRY OF INFORMATION TECHNOLOGY
GOVERNMENT OF PAKISTAN**

1. INTRODUCTION TO MINISTRY

The Ministry of Information Technology and Telecommunication (MoITT) of the Government of Pakistan is spearheading the nation's digital transformation, cultivating a dynamic and secure Information and Communication Technology (ICT) ecosystem. As part of its foundational commitment to good governance and transparency, the Ministry is executing a series of strategic, results-driven initiatives. A core focus lies on comprehensive IT skill development and capacity-building programs designed to empower Pakistan's youth and current workforce with future-proof digital competencies. These critical efforts are directly fueling enhanced employability, stimulating innovation, and accelerating sustainable economic growth across the country.

2. INTRODUCTION TO THE PROGRAM

The National AI Advancement Initiative (NAIAI) is a strategic national intervention designed to position Pakistan as a competitive leader in the global artificial intelligence landscape. Aligned with the Digital Pakistan Vision, the National AI Policy, and the Sustainable Development Goals (SDGs), the NAIAI provides a cohesive framework for the responsible and forward-looking adoption of AI. The initiative aims to drive public and private sector innovation, enhance workforce capabilities, and establish robust AI governance across critical sectors such as healthcare, agriculture, education, and industry. By fostering collaboration between government, academia, and industry, the NAIAI will create an enabling ecosystem for AI research, development, and ethical implementation.

Central to this effort is preparing Pakistan's workforce for an AI-driven future through upskilling programs, academic partnerships, and policy incentives. The initiative also prioritizes the development of regulatory frameworks to address risks related to data privacy, algorithmic bias, and security. By positioning AI as a cornerstone of the nation's digital transformation, the NAIAI seeks to bridge technological gaps, boost economic growth, and address pressing societal challenges—ultimately contributing to sustainable and inclusive progress. This document outlines the initiative's strategic objectives, implementation roadmap, and anticipated impact, serving as a blueprint for Pakistan's AI-enabled future.

3. DELIVERABLES

3.1 **Trainers & Trainings**

Aligned with the strategic objectives of the National AI Advancement Initiative (NAIAI), this program is designed to build a robust AI talent pipeline across academia, government, and industry. A core component involves the academic integration of AI curricula into university degree programs for students in IT, Mathematics, and Statistics. Alongside formal education, the initiative will offer specialized AI certifications to upskill professionals and graduates in high-demand areas such as machine learning, deep learning, and AI ethics.

Furthermore, the initiative will conduct essential AI literacy programs for civil servants and corporate leaders to ensure informed governance and strategic adoption. Highly qualified trainers, vetted against strict criteria, will be deployed to ensure consistent, high-quality delivery across all programs. The initiative prioritizes creating a safe and inclusive learning environment for all participants.

9.2 Financial Bid Evaluation Criteria

The financial bids of only technically qualified bidding companies/ Joint Venture/Consortium will be opened. The pricing shall include all applicable taxes, rates, duties, tolls, fees etc.

The evaluation of financial bids will be calculated as follows:

- The weightage of financial proposal is 20% in total score.
- The financial weightage will be calculated by the formula as given below:
= (lowest bid/bid offered) *20

The score achieved by a bidder will be aggregated as follows:

Total score obtained by a bidder = Technical weightage + Financial weightage

Each bid will be evaluated individually, and the contract shall be awarded independently to the bidder who achieved the maximum points from Total Score and shall be considered a Most Advantageous Bidder

MOITT will not make ANY payments not quoted in the bid. Please use Annexure-II to develop financial proposal.

10. GENERAL TERMS AND CONDITIONS.

- a. In case the selected bidders do not accept the Purchase Order/Contract, their bid security will be confiscated, and a poor performance certificate will be issued to the vendor.
- b. If there is a difference between the unit price and total price for any items quoted in the bid, the unit price of that/those items shall prevail and the decision of MOITT in this regard shall be final.
- c. Total prices must conform to the individual prices of all the items quoted and delivered.
- d. The quoted prices will be considered inclusive of all overhead costs (seen or unforeseen), required for the successful delivery of the project.
- e. Participating bidders are requested to avoid from all overt & covert activities that shall create any doubt that leads towards ambiguity in the tendering process and tender opening session.
- f. The successful companies/ Joint Ventures/Consortiums will sign Integrity Pact with MOITT (draft attached as Annex-III).
- g. MOITT reserves the right to accept or reject any bid and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the effected bidder or bidders.
- h. MOITT may terminate the Contract at any time by giving written notice to the bidder if the bidder becomes bankrupt or otherwise insolvent.
- i. If the bidder is unable to fulfill its obligations as mentioned in the work plan and withdraws from the project, MOITT shall terminate the contract by issuing a written notice and shall forfeit the security deposit (bid bond amount).

11. CHANGE OF SCOPE
